

Class / group: _____ Term / dates: _____

Student names → Practice Statements below										
Completing number sentences that involve addition and subtraction by using equality (=) and inequality (<, >) symbols (e.g. $2,456 + 203,938 \square 3,456 + 231,930$; $2,456 \times 2 \square 1,228 \times 4$)										
Checking the truth of number sentences and completing open number sentences (e.g. $999,999 - \underline{\hspace{1cm}} = 899,999$)										
Recognising, continuing, creating, and describing growing patterns that change by a constant amount (e.g. 3, 4.5, 6, 7.5 ...)
