Picture Division Groups

Count the objects. Divide them into equal groups by circling or drawing boxes around each group. Then write the division equation.

1.

Divide into 4 equal groups.

$$\underline{\hspace{1cm}} \div \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

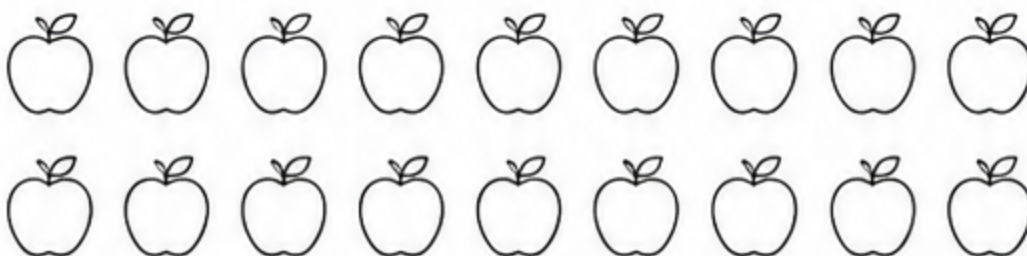

2.

Divide into 3 equal groups.

$$\underline{\hspace{1cm}} \div \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

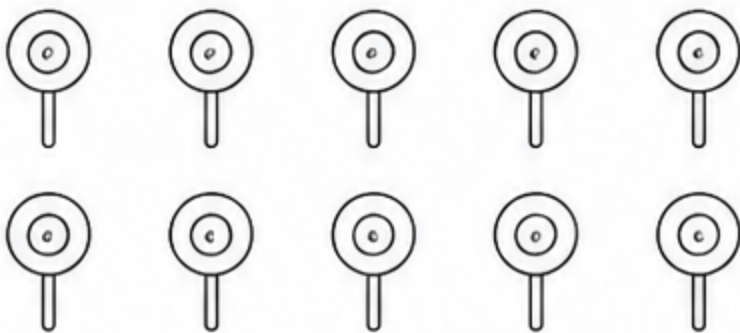

3.

Divide into 2 equal groups.

$$\underline{\hspace{1cm}} \div \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

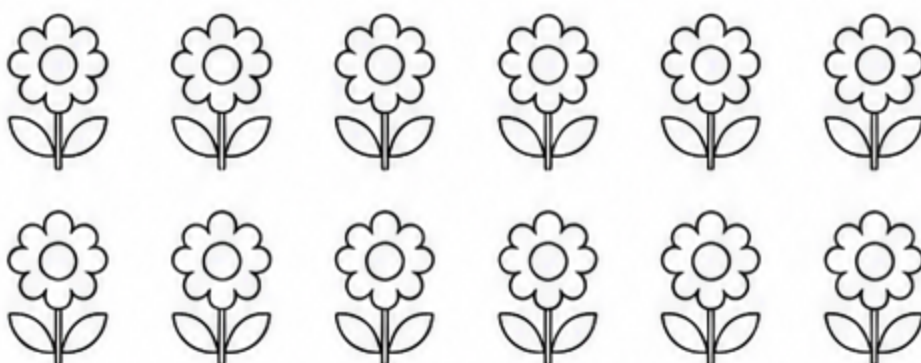

4.

Divide into 5 equal groups.

$$\underline{\hspace{1cm}} \div \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

5.

Divide into 6 equal groups.

$$\underline{\hspace{1cm}} \div \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$
