

Identifying Angles in Diagrams

Measure each marked angle. Write the size in degrees (°) and label the type of angle:
acute, obtuse, right or reflex.

1. Measure each angle below. Write the size and label the type.

(a)

Size: _____°

Type: _____

(b)

Size: _____°

Type: _____

(c)

Size: _____°

Type: _____

(d)

Size: _____°

Type: _____

2. Measure each angle below. Write the size and label the type.

(a)

Size: _____°

Type: _____

(b)

Size: _____°

Type: _____

(c)

Size: _____°

Type: _____

(d)

Size: _____°

Type: _____

3. Look at each diagram and identify all the marked angles.

(a)

Angle	Size (°)	Type
1		
2		
3		
4		

(b)

Angle	Size (°)	Type
1		
2		
3		

(c)

Angle	Size (°)	Type
1		
2		
3		

(d)

Angle	Size (°)	Type
1		
2
