Picture Doubles and Halves

Count the objects. Then show doubles (twice as many) or halves (split into two equal groups).

1. Doubles

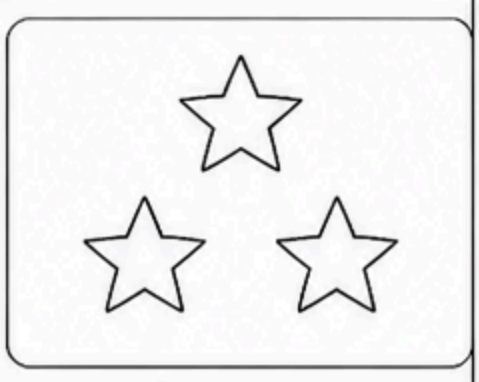

Count the objects in the box. Draw twice as many in the empty box.

a.

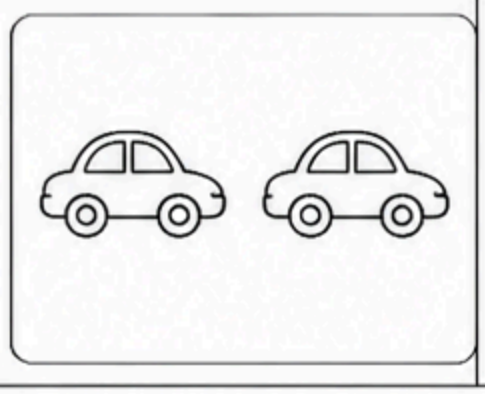

There are ☐ apples.

b.

There are ☐ stars.

c.

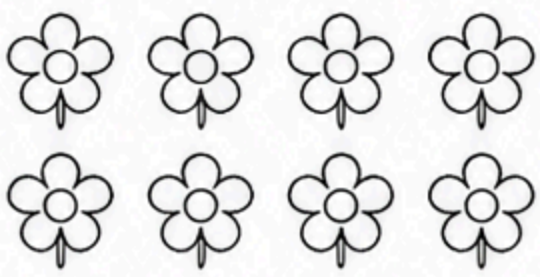

There are ☐ cars.

2. Halves

Count the objects. Draw a line to split them into two equal groups. Circle how many are in each group.

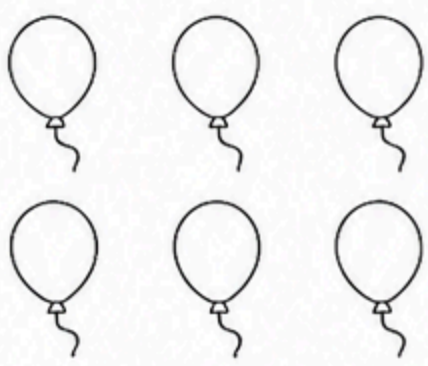

a.

There are ☐ flowers.

How many in each group? ○ ○

b.

There are ☐ balloons.

How many in each group? ○ ○
