

Arrays and Division

Name: _____

Date: _____

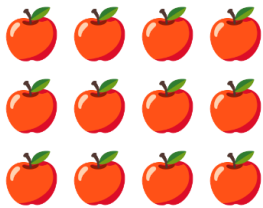

Instructions: Look at each array. Count the total number of objects, then write the division equation.

1. Count the stars in the array:

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

2. Count the apples in the array:

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

3. Count the hearts in the array:

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

4. Count the circles in the array:

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

5. Count the flowers in the array:

$$\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$
